

HT510A

Rugged Handheld Terminal

Shift into high gear, with the Unitech HT510A Android mobile computer. With smart features to propel your warehouse, retail, and business environments, the HT510A is designed for mobile workers with one-handed data collection needs. It features an easy-to-operate, large-button design with barcode and RFID data collection to make the most of tasks. The HT510A runs on the Android operating system and has a wide range of wireless transmission interfaces, allowing enterprises to develop applications or connect to the back-end host to make the database easier, more immediate and more accurate.

User Friendly Android 7

The HT510A brings the versatility of the Android operating system to a rugged warehouse unit. This smart mobile computer features apps from the Play Store to optimize the efficacy of day-to-day work processes.

Easy Operation

Engineered to fit comfortably in the palms of hands, the HT510A has an easy, ergonomic grip offering easy push buttons even with gloves on.

Rugged

Tough work conditions call for a tough device. Trust in the HT510A to show a strong front with 5-foot drop ratings and an IP65 protection seal against dirt, dust, and water.

Full Color Touch Screen

Users can take advantage of both physical keypad and capacitive touch screen for their needs. The HT510A helps businesses work seamlessly with desktop-grade full color screens.

Applications & Markets

The HT510A is high-performance tool for small to medium-sized warehouse environments but also plays well with retail, asset management, and inventory applications.

Main Features:

- Android 7 operating system
- Large keyboard design
- 1.4GHz Quad-Core processor
- Integrated 2D barcode scanner
- 3.5" VGA capacitive color touch screen
- 5 MP rear camera (flash and auto focus)
- Dual band antenna connectivity (WLAN/WWAN)
- IP65 rated
- 5-foot drop rated
