## 8000D 10 Year Receipt

# Receipt paper

## Direct thermal

### Description

An uncoated direct thermal 60 micron white tag stock which produces high contrast black images with Zebra mobile printers. Once printed to its optimum image density, and when handled correctly, printed images will remain legible for 10 years\*. With the added benefit of being BPA free, 8000D 10 Year Receipt is a good choice for archive applications such as receipts, invoices and delivery notes. Not recommended for applications involving exposure to moisture and solvents.

### Suggested Applications

- Delivery notes
- Mobile receipt printing
- Mobile invoice printing
