Easy ID Card System

IDENTIFICATION MADE EASY

Take the guesswork out of knowing who belongs in your organization—and who does not—with the new Datacard® 1-2-3 Easy ID card system. A completely integrated ID card system conveniently packaged all in one box, 1-2-3 Easy ID system makes it cost-effective for you to issue ID cards in **three easy steps:**

1 — **DESIGN CARD**

2 — **TAKE PICTURE**

3 — **CLICK PRINT**

COMPLETE, AFFORDABLE SYSTEM FOR SMALLER ORGANIZATIONS

With the 1-2-3 Easy ID system, smaller organizations can implement ID security at a price that's within reach. Everything you need to create high quality color photo ID cards is included in the 1-2-3 Easy ID system— printer, software, camera, cards and supplies. Simply open the box, install the software contained on a single CD, and you're ready to create ID cards in a matter of minutes.

RELIABILITY YOU CAN COUNT ON

Datacard Group has done all the legwork for you, eliminating the need to research multiple vendors to create a complete ID card system. With proven printer, software and supplies from Datacard—a trusted global provider of ID card technology—reliability is built into your fully integrated, easy-to-use ID card system.

Datacard Group

SECURE ID AND CARD PERSONALIZATION SOLUTIONS

EASY AS 1-2-3

The completely integrated 1-2-3 Easy ID system contains everything you need to create full-color photo ID cards in just three easy steps: design card, take picture & click print.

Easy ID Card System

1 DESIGN CARD

Powerful, flexible and user-friendly, Datacard® ID Works® Intro identification software provides the core tools you need to easily design and manage data for ID cards.

- Create card layout and report designs
- Capture and manage data
- Add logos and other graphics
- Intuitive point-and-click navigation
- Enter and retrieve data from Microsoft® Access® database
- Add bar codes & magnetic stripe data (optional)
- Easily upgradeable when your needs grow

2 TAKE PICTURE

Web camera captures a photo with the simple click of the mouse.

- Take pictures quickly and easily with snapshot button
- Attaches easily to computer monitor with flexible clip
- Create crisp images at 1.3 megapixels

3 CLICK PRINT

The Datacard® SP25 Plus card printer produces outstanding full-color ID cards.

- Print bold, vivid color with Advanced Imaging Technology™
- Easy manual card feeding
- Prints a full color card in 30 seconds
- Output slot holds up to 15 printed cards
- Precise bar code printing and sharp fine-line details
- Edge-to-edge, one-sided printing
- Supplies include: 125 blank cards, color ribbon and cleaning supplies
